

**DEDICATED TO SERVICE...**

## Last Camping Season Of This Millennium - Let's Celebrate!

**Raising The New Park Flag**

**M**ay 20th has been scheduled for the installation of our new

Park flag. Champagne cocktails will be served to all guests

at 10 AM. Don't miss our first millennium celebration. Please note that although Vic Power is unable to attend, our honorary mayor will be in attendance as will SSINVEST's CEO - and no more dignitaries.... You will be the guests of honour.

**July 1st**

**W**e're trying for fireworks. If that doesn't pan out we'll

have the biggest bond fire on the Lake... and slushes.

**HOW ABOUT SEPT. 11 FOR OUR ANNUAL F I S H - F R Y ?**

**Convenient Propane Service**

**YES... no more surprises while taking your shower or baking a cake.**

Starting this season will be offering you the option of having propane delivery right to your lot.

A new 420 lbs. tank will be installed, safety tested by qualified professionals and filled as required. This tank is equivalent to 12 + RV tanks. One refill per season ? WOW. Average cost per litre 0.40¢. Expected savings 30% +. Should cover tank rental for 3 years and initial set-up.

**What you must do**

Talk to your fellow campers and let park management know before the end of May. A minimum of 4 sites are required to initiate the program.

**More Government Regulations**

**Y**ou guessed it ... Government has finally come through with their promises to make your enjoyment of the outdoors safer ... and more complicated.

**Firearms**

**C**ertainly you must register. And either pay now or pay more later.

If you own any type of gun it must be registered by December 31, 2002 and you must obtain a possession licence. If you intend to purchase firearms in the future you will need a possession and acquisition license. These will require that you complete safety

courses and not have any criminal convictions no record.

## Boating

The Canadian Coast Guard is now responsible for enforcing new laws governing the operation of Personal & Pleasure Water Craft Fitted with a Motor.

### At a Glance...

NOW

- No one under 12yo can operate a boat w/motor bigger than 9.9hp unless accompanied by someone over 16yo.
- Anyone under 16 must have a certificate.
- 2002
- All operators of personal water craft (jet skis, sea do's, etc.) will require a certificate.
- 2009
- Everyone operating a motorized water craft will require a certificate.

### The Certificate...

The law requires that operators carry with them on board a means

to "demonstrate proof of competency"

In most cases this is a wallet size

document (the certificate) issued to individuals who

complete an

approved safety

course. In some

other cases a

"rental boat safety

check list" is the

ticket.

## Last Year's Stuff

"Big Ed 'hookem' Good"  
Mississauga - September

Guy 'citydude' Collin  
Toronto - July

Tony 'the bear' Silva  
Cooksville - May

CONGRATULATIONS TO  
ALL THE SUCCESSFUL  
ANGLERS

## Some last thoughts!

JC is expected to be on-site around May 1st.

All services are expected to be operational by May 15.

Seasonal Tenants with a signed lease will be able to purchase private docking at 50% of the published rate when they renew for not less than two years.

A new rate structure is expected for next year.

Magic Fire: By appointment Only
