**Net Initiatives show
promise!**

**Hoping for a great
summer**

**Keep those lines tight...
fish-on**

Our internet presence has resulted to date in three thousand visitors to our joint sites on AOL, FortuneCity, and Sympatico. More importantly, our season has not yet begun and we have received some 30+ inquiries and processed 3 reservations two from Ontario (St Catherine & Markham), and one from US (Michigan).

And although business forecasts for this year are bearish, hard work is likely to result in expansion plans for the 2002 season.

No repeat of last year's heavy rains is what the weather man says... Again the lake had no ice by May 1st and the regulatory authorities are promising to maintain our lake during boating season within a foot of optimum level.

First and runner up prizes for best wildlife picture submissions.

Extrême pleasure is felt when you get a double hitter... It's pure ecstasy for a triple!

Based on M.N.R. creels last year, all indications are that we will have a great fishing season this year. Use barbless hooks whenever possible so that your catch and release efforts will pay off next year ...

more trophies available.

Opener Fish-Fry

The annual beginning of the season warm-up bash will be held as usual on Sunday of the May-run or Monday Victoria day, depending on the weather - check with us before heading out for your catch.

Recipes 4 all!

Here is another one of JC's...

Please submit your favourite outdoor recipe so we can share it with everyone.

Wawaitin

Rabbit

Stew

Cut up rabbit(s) into bite size pieces and

marinate overnight in red wine, bayleaf, olive oil, and fresh garlic. In large pot saute in butter 2 onions and 1 green pepper when soft add rabbit and marinade. Once boiling reduce heat add salt and pepper to taste, and simmer for 2 hours. Serve over a bed of rice.

Bon Appetite

Park Services

Please be gentle on our sewage treatment system. Refer to last fall's gazette or ask management for instructions.

Once again here are the stats for hydro.

E l e c t r i c i t y	
C o n s u m p t i o n	
p e r l o t	
1997	\$121.00
1998	\$197.00
2000	\$241.00

We ask that you work with us on conservation measures that will result in costs of less than \$200.00 per lot. Thank you in advance for helping us keep your lot rates as low as possible!

As a result of the increasing propane prices we have changed suppliers to Nasco Propane. Those of you with tanks last season will be getting new full tanks early in May and receiving prorated invoices.

New tenants wishing a 420lbs. tank must advise park management before June 1st in order to make installation arrangements.

Park Services Contd.

As you may be aware, the 2" water main supplying the Park ruptured last fall. Repairs carried out before closing will be tested early May to determine if any additional work is required. Please forgive any inconvenience - we will do our best to have your well water reconnected by the May-run.

Fish Stories

Our annual contest will close as usual on Sunday of the labour day weekend.

Prizes will be awarded at our year end fish-fry (the following weekend) to the winner, runner-up, and most unusual catch.

Neighbours

Who's Where

- Lot 1 Albert & Dianne Pelland
- Lot 2 Mike & Dianne Curley
- Lot 3 Adeodat Bélanger & Louise Bouchard
