2002 Fishing Regulations Change

No word of a lie, you guessed it... the fishery in North Eastern Ontario has received further protection from the provincial M.N.R.

- possession limit = daily limit,
- the fish eaten count for limit.
- Pickerel: - limit 4,
- only one fish over 22",
- no fish between 14" and 22".

- Pike: - limit 6,
- only two over 24",
- only one over 34"

Conservation and day licenses have lower limits. Pick up a copy of 2002 regulations and don't be caught unknowingly... Put a measuring device in your box, enforcement will be strict.

Events, contests, and more...

May-Run Bash

Bring it on...

last years fishing event was so successful we decided to make it part of our regular program. May 18-19 same entry fee per boat, the captain must register, weight-in and familiarize his fishing gang with the rules. Three prizes, biggest pike gets pot, most pickerel and most original catch get consolation prizes. Then we'll have the best cook-out yet!

This year, for the first time, and with the assistance of Marc Savard, the main even at our year-end bash will be a 24 hr. piglet roast to be held on the same weekend as always, the weekend after labour day. Having guests... let us know in advance!
