May two-four 2004, a campers' dream come true!

Christmas at the Falls; A 1st

This past holiday season was indeed a treat for us. Lets say without fear of cowardice, that -44°C. is not a good temperature to engage in outdoor activities. It was a lot of

fun, we had friends over and even a lit 30' balsam out on the lake!

Decorating the Lodge proved to be a challenge but we were told it looked awesome.

Premier Winter Adventures

Ring in the New Year was also a joyful occasion shared with some of our clients and friends. Our first prototype Ice Hut proved to be a raving success. Snow-mobile transportation became a must in early January.

By Valentines day several locations in our bay were fished with varying levels of success.

Thanks to those who visited and fished with us. Join us next winter in our Ice-Fishing Adventures.

May-run & 3th Annual ATV Ride

You asked for it and we're doing it again. Fishing this year opens on May 15th with the holiday weekend following. We will hold the now familiar May-run fish fry after our 2 day "fish for fun" contest on the 22nd and 23rd.

The Canada day weekend bash featuring our annual ATV ride with horseshoe tournament and wild boar roast will be held on the 3rd and 4th of July.

> Just do it <

Shoreline Works near completion

New Docks

Very early this spring cribs were constructed, filled with large rock rubble and installed in the lake.

The two docks on either side of our launch ramp are each to be extended 14' and 4 new ones built creating an additional 8 boat slips.

We Remember

Although your friends at the Park did not know you long, they thank you for your time with them. Rita Litt Peace be with You Land

What's going on out-back ?

Clearing!

Its coming along just great. Ditching at the rear of lots 5 - 10 has been completed and proper drainage has been achieved. There is much fuel wood on the ground left from our harvesting operations last year, please help yourselves.

We expect the clean-up to continue throughout the year.

This is precious at 10 months.

By the time you meet her she will be almost

an adult and have assumed her place Park mascot. Welcome to our new residents in lot 4. We wish you well and encourage you to enjoy your new summer base for outdoor play & fun.

Last year we experienced a 14% increase in electricity consumption and with rates going up again we are bracing for the worst... Please help conserve so your lot fees don't change.
